Environmental Management Policy Statement

The Jonishan Pty Ltd Environmental Management System applies to all aspects of its operations, both in the office and on work sites.

The Directors of Jonishan Pty Ltd are committed to the principles of environmental sustainability and prevention of pollution and have committed the organisation to conducting all of its operations in an environmentally responsible manner.

Jonishan Pty Ltd has adopted International Environmental Management Standard ISO 14001:2004 as the means by which it will control and continually improve its environmental performance. We have a transparent and highly accountable approach to our Environmental performance and this Policy and other relevant information is freely available to the public and other stakeholders.

Our Environmental Policy is to:

1. Contribute in a meaningful and beneficial way to the environment in which we operate to ensure sustainability.
2. Achieve continual improvement, where, as Jonishan Pty Ltd grows in experience, and our environmental management system develops, procedures, programmes and technologies will be used to further improve our environmental performance.
3. Strive to integrate environmental considerations into all business decisions and aim to integrate the environmental management system with our ISO9001:2000 compliant Quality Management System and our ISO4801:2001 compliant Occupational Health and Safety Management System.
4. Be committed to compliance with applicable legal requirements and with other requirements that are applicable to the environmental aspects of our operations.
5. Regularly review our environmental performance to ensure that it is current and relevant to our business and the needs of our customers

This policy provides the framework for the setting and reviewing of our environmental objectives and targets and is communicated to all persons working for or on behalf of our organisation.
